

## HUONE HYBRID MEETING STUDIO

Interactive hybrid meeting studio that works and brings results

HUONE's hybrid meeting studio is purposefully built for **interactiveness and functionality**.

HUONE's gone through a year of market research, interviews, rounds of testing to ensure you and your guests the best meeting experience possible, **both virtual and on-site**.

## Why choose HUONE?

- Create two meeting experiences for two different audiences: remote participants & on-site participants
- Concrete tips for interactive hybrid event and how to engage also your remote participants.
- Speakers can be remote or onsite or both!
- Reliable production partner for quality video & audio
- Easiness and intuitive to use
- Inspiring and functional studio set up
- Offer at a reasonable price
- Hands-on guidance from pre-event to post-event with real-case examples by personal event coordinator
- On-site services always available (e.g. catering)

# Features

- Multi-camera views (1 camera + 2 robot cameras)
- 85' main screen + 2 additional screen (e.g. remote participants view)
- 4 wireless headset mics + 2 handheld mics
- Quality live sound mixing
